

OUT OF HOURS? YOU SHOULDN'T BE.

You work hard for this company all summer, often staying late because your managers ask you to.

You go the extra mile and then...

You're out of hours. Laid off. Sidelined with no income, possibly for months.

And then they blame you. Is that fair?

No other airline does this to its workers, and its time Delta stopped.

Together, we can change this unfair and unequal treatment.

*A union contract can provide fully benefitted part time and full-time positions, with **NO** limit on hours or your income.*
